Then the party began! In celebration of the 25th anniversary of De La Mesa, MaryAnn Kowalski and Trevor Reynolds did an extensive recognition of the many residents who had contributed to our community throughout the years. They recognized all the people who are original homeowners. They presented certificates of appreciation to twelve people who had been on the board four or more years or had headed up committees for more than four years. Pizza with ice cream and cookies were served. It was a wonderful coming together of the people of our community.
