

RESIDENT SURVEY: The incoming 2019 board wishes to welcome comments and opinions as we deliberate decisions. Please fill out a short survey and return it to Lynn Camadine with your dues, or bring to the annual meeting in February. If two persons live in one household, you may give two answers for each question if each of you feels differently. **This survey is not a vote, but a way for the new board to listen to what you think.** Please own your opinions by writing your name at the end in case we want clarification. Please feel free to add comments on the reverse side of this page. Thank you for taking the time to participate.

LANDSCAPE/COMMON AREAS

1. Because we discovered two years ago we had a severe Stink Vine infestation that required radical treatment, and because much of our common area landscaping was nearly 25 years old, we embarked on replacement plants that were Florida Friendly, required little maintenance, and little water. Do you agree with this plan going forward as we continue to upgrade our common areas?

Circle one: YES ⁵⁹ NO ¹ MAYBE ⁸

2. Our private park and pool are the hallmarks of our neighborhood. They are also our single largest annual expense, approaching \$50,000 each year. How strongly do you feel the park, pool area lighting, and landscaping should be kept in pristine condition? Circle one with 10 being the strongest and 1 the weakest rating.

How often do you use the park/pool? Circle the best choice.

¹⁵ Every day ~~More than once a week~~ ¹⁰ Once a week ~~More than once a month~~
⁹ Once a month ~~Sometimes~~ ²⁴ Infrequently

PAINTING VILLAS

1. We are considering when to paint our villas. What year should we start the Fall project? Circle one

³³ Fall 2019 ²⁷ Fall 2020

2. Because we've adopted a different trim paint color, we are considering a different painting schedule so all villas will look the same, and not have different trim colors. We have the money for each option, so finances are not an issue. Circle one.

- A. Stay on the four year schedule as in the past, doing one street each year. ⁶
- B. Do the south end villas one year, and the north end the next year? ²⁷
- C. Do the south villas not on the park, the villas on the park, and the north villas not on the park in different years, taking three years to complete the job. ²
- D. Do all the painting in one year so everyone looks the same throughout the neighborhood. ³³

3. Since we have already changed the trim color to a darker hue, would you like to change the villa's main color to something more modern, and that coordinates with the new trim color?

²⁸ YES ²⁵ NO ¹⁶ MAYBE
